

TREMONT PLAZA HOTEL
& GRAND HISTORIC VENUE

BALTIMORE, MARYLAND

GUEST TESTIMONIALS

"I enjoyed my stay at your hotel very much. We had a nice and clean room, and excellent room service for breakfast. Love that I was called in advance by my server to let me know she was on her way and to make sure it was convenient for me."

"Our conference was awesome, and the Tremont Hotel and staff played no small part in the success of our event! I believe our members felt very special while staying at your hotel. Thanks so much for everyone's professionalism, attention to detail, and fine quality of every service provided. The lunches and dinner were delicious, by the way!"

"Your staff made me feel so special during my visit! My colleague and I talked about how wonderful the staff was the whole time that we were there. Every employee that we came in contact with took a personal interest in ensuring that our stay was the best that we'd ever experience. We have vowed that if ever in Baltimore again on business, Tremont Plaza will be the hotel of choice. I will recommend your hotel to all friends and business associates for their future travels to Baltimore. My colleague and I have coined your hotel "The Best Hotel on Earth," so please keep doing what you are doing!!!"

"As always, the stay was great. Nice room -- quiet, clean, well cared for. I attended the ABET meeting held there during this visit and the vegetarian options were better than any conference I've ever been to and I go to about 10 a year for work. The food at the small café on the first floor is also memorable as well."

GUEST TESTIMONIALS CONT

"I thoroughly enjoyed the kind attention of your excellent staff. They are all enthusiastic, quick to respond, and accommodating. They made the stay easy and exceeded expectations. I wish they could be exported to every hotel I will be staying in the future. They tracked even those with food allergies and went out of their way to bring the right dish. The van driver from the hotel made attending outlying meetings possible for a lot of ladies who could not have made the walk. The Tremont building is most beautiful, and impressive with its historic architecture. They certainly don't make them like that anymore."

"I had a magnificent time at the Tremont during the MCCW Conference. The advice from the night doorman on the city was most welcomed. Also, the friendliness and helpfulness of the dining staff at the Tremont was incredible. They are remarkable. My stay at the beautiful Tremont is a memory I will cherish for a lifetime. The hardworking staff at the Tremont were certainly apart of this great experience. Please extend my gratitude to them all. Whenever I am in Baltimore I will be sure to make my reservations at the Tremont, and also tell others to do likewise."

"I recently had the privilege to spend two nights at the Tremont Plaza in Baltimore. I was in town with my girl friend to see a friend of ours walk down the proverbial aisle into wedded bliss. The Marble Room was exquisite and so very appropriate for a reception. Beautifully decorated and at a perfect temp for the formal attire that weddings bring. The staff was friendly and responsive. The food was delicious - a smorgasbord with something for all tastes to enjoy. I look forward to returning there sometime soon, perhaps to stay in one of the luxurious suites!"

"I attended a dinner function in the elegant ballroom the white glove service, and the attention to detail was impeccable for a crowd of more than 500. The ballroom was like no other. I highly recommend the Tremont Grand to anyone holding an event in Baltimore. The architecture was simply amazing".
