

TREMONT PLAZA HOTEL & GRAND HISTORIC VENUE

BALTIMORE, MARYLAND

EVENT TESTIMONIALS

"We were over the moon with our Tremont experience. Our wedding planner rocked, from the time he was assigned as our planner to the day of execution. Even finding my husband green gum prior to the ceremony! The staff was flexible, super responsive and checked in to make sure we were both feeling good about our experience. We got married in the Edinburgh Room - loved the warm atmosphere and had our dinner in the Corinthian Room - nothing but elegance. Our guests were impressed with the rooms, the professional and friendly hotel service, and the food, which was excellent."

"There is no better place for a conference in Baltimore than the Tremont Grand. The staff did an extraordinary job in every detail of our conference. A few of our participants had special diet needs that posed no problem at all for the staff. The conference room was simply amazing."

-APRIL 2011 CLIENT

"Everyone at the Tremont Grand has the "Can DO" attitude and does so before you even ask. Example: 30 seconds before the bride walks down the aisle our assigned ANGEL runs to get her a kleenex as that was a NECESSITY at that point. It is the details that make a wedding. Put your hands in the hands of the TREMONT staff, and your memories will be made."

-MARCH 2011 BRIDE

"Everything was flawless! The team attended to our every need and paid close attention to details so we had no need to worry. The cocktail hour appetizers were perfect and we hear that the entrees were delicious...though it was a blur for my husband and I. Our planner made sure that we had entrees waiting in the hotel room for after the reception!"

EVENT TESTIMONIALS CONT

"We recently attended a wedding at the Tremont Grand and stayed in the hotel. We were delighted with the service, from the valet attendant to the front desk and everyone we encountered. Never in all of our travels have we enjoyed a hotel stay as much. FIVE stars for terrific service and beautiful accommodations. If you need to plan an event choose the Tremont Grand...this was the BEST wedding we've ever attended. The food was amazing and we wish we received such caring service everywhere.

-APRIL 2011 GUEST

"I recently attended my best friend's wedding at the Tremont Grand. Initially I was just impressed with the venue! So many options to choose from for food, style of the hall, and vendors. On the day of the ceremony (and during planning phases) the coordinator proved to far out weigh the physical amenities the venue offered. Weddings can be complicated and emotional events, but this was one of the smoothest most enjoyable weddings I've ever attended, and Tremont's event coordinator handled everything beautifully."

APRIL 2011 GUEST

"This was a great venue! All of their rooms have a very unique design - not at all like the traditional hotel ballrooms! Everything is very distinctive. We used five of their rooms for a pretty elaborate wedding and each room had a different feel and different theme - it was perfect! The food was fabulous - they were able to accommodate our requests and worked with us to create a perfect menu."
