

TREMONT PLAZA HOTEL
& GRAND HISTORIC VENUE

BALTIMORE, MARYLAND

JOHNS HOPKINS
GUEST TESTIMONIALS

“My husband had eye surgery at Johns Hopkins Hospital and we decided to stay at the hotel the night before and night after surgery due to uncertainty in winter weather. The Tremont had it all: a shuttle service to and from hospital, valet parking, comfortable and spacious rooms, and a restaurant within the hotel with reasonable rates.”

“In a time of stress your staff gave me a feeling comfort and security. While my wife was in the hospital and your hotel made me feel welcomed. The hotel shuttle took me to and from the hospitals front door. Thanks and God bless you in a very special way.”

-JANUARY 2011 GUEST

“My husband and I stayed the Tremont Plaza for five days for a medical procedure I had done at Johns Hopkins. We were only suppose to stay one night, but due to complications we stayed an additional three nights. The hotel was so gracious and understanding when we asked to extend our reservation. The staff asked me every day how I was feeling and if I needed anything. My husband and I felt very welcomed and could not have asked for better service. Even the staff at the deli was warm and caring.”

GUEST TESTIMONIALS CONT

"I had a great stay at the Tremont during a tough time with a family member at Johns Hopkins hospital. The staff were great and the deli was fantastic. Free internet helped as I had to be away from my business for several days. The best part was the free shuttle to Hopkins everyday. The drivers were friendly and really got to know me more than a guest. I would recommend this hotel to anyone visiting the city."

-FEBRUARY 2011 GUEST

"We were in Baltimore for my husbands surgery at Hopkins. The friendliness, kindness and efficiency of the staff made a difficult situation so much easier. From the front desk to the bell staff to the servers in Tugs – they all seemed to take personal ownership in making our stay as stress free as possible. We were very pleased."

-MAY 2011 GUEST

"Staying at your wonderful and comforting hotel greatly reduced the stress of our appointment at Johns Hopkins. We slept so well the night before thanks to the luxury bedding. The deli in the lobby made it so easy to grab a meal whether it be in the early morning or a late night return from the hospital. I hope to stay at the Tremont under different circumstances soon."

MAY 2011 GUEST

"Service is excellent! Our family had medical needs at Johns Hopkins Hospital- the hotel offers a shuttle that takes you there free of charge and are sensitive every need of their quests. The rooms are comfortable, the personnel are professional and courteous- we highly recommend this hotel to anyone and everyone!. We especially enjoyed the service from all the bellman!"
